

Do you know how to continually improve your soil and pastures at a low cost?

The Southern Otway Landcare Network (SOLN) invites you to attend their

Soil & Pasture Management Field Day

When: Friday 5th June 09, 9.45am (for a 10am start) to 3pm

Where: Hordern Vale Hall, Marriner's Access Rd, Hordern Vale

What: This day includes a theory session in the morning covering the following topics:

- Principles of increasing biodiversity to improve land health
- Water, energy and mineral cycling
- Importance of plant recovery
- Regenerating soils & pasture using planned grazing management
- Early warning indicators of animal health and land change

In afternoon you will visit a local farm trialling low input soil and pasture management.

Guest Presenter: Graeme Hand, CEO STIPA Native Grass Association Inc. www.stipa.com.au, Holistic Management® Training and Land monitoring and planning.

Bring: pen, paper, hat and wet weather gear

Lunch: will be provided

It is essential to RSVP for this field day. Please phone SOLN on 5237 6904 or email on solnanna@vicnet.net.au.
