### LEGEND

Otway Barham LCG  
Hordernvale/Glenaire LCG

Apollo Bay LCG  
Wongarra LCG

Complete Site description sheet 1,  
Stream Habitat sheet and  
water quality testing  
To be completed 1<sup>st</sup> monitoring day of  
each year - January

Macro invertebrates and water  
quality testing  
This is carried out twice a year in  
spring and autumn – May and October

Water Testing Only carried out each  
month

### NB:

Each Landcare group now has a WaterWatch Kit . Only take the kit with your Landcare group's name on it and return for maintenance by due date as outlined on calendar.

### What surveys and tests to do and when...

**Complete Site description sheet 1, Stream Habitat sheet and water quality testing** These 3 tests are only carried together on the first monitoring day each year. The Stream habitat sheet 1 is in the front of your monitoring results book and information to help you complete this survey is on the back foldout page of the book.

**Water Testing only** Although water testing is carried out every month, most months it is the only activity completed.

**Macro invertebrates and water quality testing** This is carried out twice a year in spring and autumn – May and October.
